

Building great projects together

Healthcare

builtbyitc.com

**We are committed
to delivering a
hassle free project.
Here is how we will
do it:**

Minimum disruption to your day to day operations - You will benefit from logistical solutions that fully consider the need for business continuity.

Your priorities understood and communicated - All site operatives will watch a bespoke video highlighting your expectations and key needs.

Your team will benefit from buildability advice and construction expertise - We will work collaboratively with your professional team and our sub-contractors to ensure that a successful, quality project is delivered.

Clear, honest and open communication - Your project will be assigned an ITC Director to oversee the team and provide you with a direct route of communication via regular meetings.

User friendly operations and maintenance manuals - You will receive a comprehensive manual ahead of practical completion to provide end users with a timely induction period.

You can put your trust in us.

Our business is solidly founded on security and capability, with all operations, systems and teams aligned to ensure consistency of delivery on every project.

Our Projects

ITC has been successfully building great projects for over 25 years; our experience in refurbishment and fit-out means that we know how to create a space that works for you - whether that's a commercial, healthcare, education, leisure or public sector environment.

We want you to have an exceptional experience working with us, and this starts with us finding out your priorities from the start and ensuring this is communicated throughout the supply chain. We ensure that every environment we construct exceeds your expectations, and that your experience working with ITC is second to none.

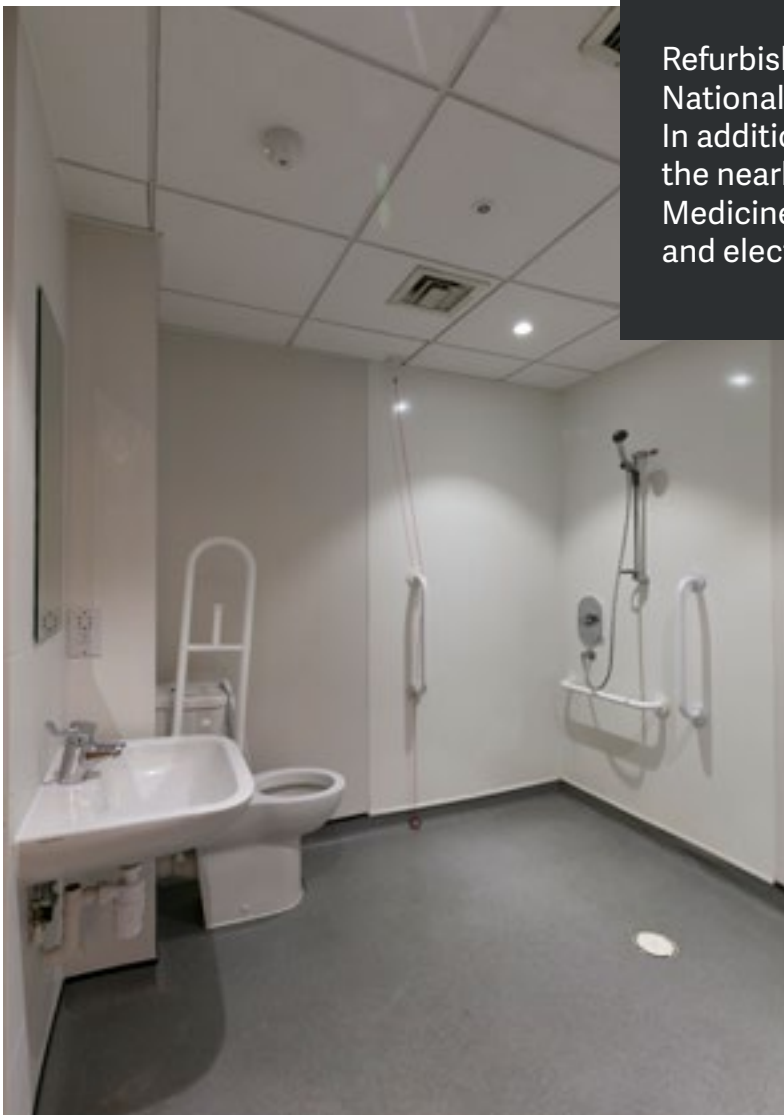

University College London Hospital (UCLH), Molly Lane Fox, London

Type: Refurbishment

Value: £550k

University College London Hospitals (UCLH)

Building great healthcare environments together

Understanding our clients' needs and the challenges of the sector is crucial to the success of our healthcare projects. We recognise the importance of meeting completion deadlines, and working over a phased period that is compatible with a 24-hour operational setting, whilst minimising disruption to the occupied environment and safeguarding its staff and patients.

We have years of experience in delivering refurbishment and fit-out services in a variety of healthcare environments including; hospitals, health centres, doctors' surgeries, specialist care and therapy facilities. We excel in providing healthcare spaces that are as practical as they are aesthetically appealing. We create comfortable, technology-friendly, ergonomically efficient hygienic spaces. Our excellent reputation within the sector ensures that our healthcare portfolio is continually growing.
